

Outpatient Services

We offer a wide variety of counseling services that can help individuals cope with behavioral health and chemical dependency issues.

BayCare Life Management offers the following programs:

Partial Hospitalization Program (MH-PHP) and Intensive Outpatient Program (MH-IOP)

Designed for adults who need a more intensive level of treatment than individual therapy can provide. The treatment is based on a group therapy model and is offered daily, Monday through Friday. Transportation is available.

Chemical Dependency Intensive Outpatient Program (CD-IOP)

Designed for adults who need professional assistance with substance abuse-related issues. This program is based on a group therapy model and is offered three days a week, three hours per day.

Adolescent Intensive Outpatient Program (ADOL-IOP)

Designed for adolescents ages 13-17, who are experiencing behavioral health issues such as family, school, relationships and substance abuse. This program meets after school three days a week, three hours per day.

Adult/Adolescent Outpatient Program

Services include crisis assessment, individual, family, and marital therapy. Day and evening appointments are available.

Frequently Asked Questions:

What services are provided?

A confidential assessment will be provided to develop an individualized treatment plan. Services include group therapy and educational services that cover a wide range of treatment issues.

Who will provide the treatment?

All services are provided by our highly qualified team of licensed and certified behavioral health professionals.

Does insurance pay for treatment?

BayCare Life Management participates with most insurance plans including Medicare, Medicare HMO and Medicaid HMO. Insurance may pay for all or part of the treatment programs. Our business office personnel can assist with coverage details.
