Visitor's Guide

Welcome to Winter Haven Women's Hospital. We hope this information will be helpful to you. If you have questions, our staff or volunteers will be happy to help you.

About Winter Haven Women's Hospital

Winter Haven Women's Hospital is a division of Winter Haven Hospital, providing maternity, gynecology and outpatient surgery services.

Gynecology

- Visiting hours: 12–8:30pm
- The spouse or support person may stay with the patient, before and after surgery, as desired.
- Visitors of any age may visit with the patient's approval.

Maternity

- Visiting hours: 12–8:30pm
- Because an obstetrics stay is so short and the mother's need for rest is so great, it's wise to delay or limit visitors.
- During triage, one person may visit.
- During labor and delivery, two people may visit.
- On the mother-baby unit, four people may visit.
- Patients may place "Do Not Disturb" signs on their door when they desire rest and privacy.
- Visitors of any age may visit with the patient's approval.

General Visiting Guidelines

Visits by family and friends are very important to the patient. At the same time, privacy and safety must be maintained. For those reasons, we ask that you follow these guidelines.

- All visitors and family members must check in at the desk in the main lobby and obtain a badge. Visitors are limited to four per patient. Badges must be returned prior to leaving.
- All children should be under the supervision of an adult other than the patient at all times.
- All visitors should be healthy and free from colds, flu and infection.
- For security, only authorized personnel have access to our stairwells.
- Do not wait or visit in the hallways.
- We ask that all visitors wash their hands.

Mail

Messages may be sent using our "Email a Patient" service, which can be accessed on WinterHavenHospital.org. Letters, cards or flowers for patients should be sent to:
